RECORD BOOK County Superintendent Pence's class-ifacation register is the most com-plete thing of the kind ever published. John McDonaid, editor of the Western School Journal, writes: "I examined Superintendent Pence's Classification Reg-ister, and was much pleased with it. A Superintendent Fence's Classification Register, and was much pleased with it. A number of superintendents pronounce it superior to any other now before the people, and they are of the opinion that the Register should be placed in our county schools. There is no reason why Kansas money should be going to distant cities when we have a better article in our own state. Address R. P. MURDOCK.
